

Pay.gov Services
Forms Service

Revenue Collection Management
Revenue Remittance Management Division

What is Pay.gov?

Pay.gov is the federal government's secure portal for web-based collections and billing services

Providing easy-to-use interfaces and automated-system-to-system communications, Pay.gov offers a selection of services that will efficiently and effectively meet your agency's collection needs. Pay.gov collection services are flexible, secure and FISMA and PCI certified.

About the Forms Service

What is the Forms Service?

- It's a convenient way to collect your transaction information and payments online, 24/7
- Pay.gov hosts your forms for you, providing you with a web presence on www.pay.gov
- It's an easy way to collect all the information required for your collections transactions

Why Use the Forms Service?

Forms utilize web best practices to maximize efficiency for agency collections

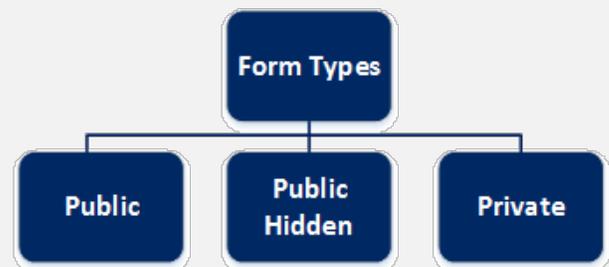

- ✓ **It's Simple — Requires Minimal Resources**
You don't need a technical development staff to implement forms collections
- ✓ **It's Convenient — Multiple Payment Options**
Pay.gov hosts your forms and handles payment settlement; you choose the payment types you accept, including Digital Wallets
- ✓ **It's Custom — You Specify the Data Gathered**
Online forms can resemble existing paper forms, including OMB and agency control numbers; add custom collection fields to gather more data
- ✓ **It's Secure — Enhanced Agency Controls**
You control how a form is found and accessed by your customers; Pay.gov's enhanced security helps keep agency and customer data safe
