Subject: [External] Pay.gov Production Update – Saturday, March 4, 2017
Date: Wednesday, March 01, 2017 3:05:23 PM

Agencies and their partners are notified Pay.gov will deploy an update to Production on Saturday, March 4, 2017 from 6:00 – 6:30pm ET. The following services will experience a brief interruption during this period; OCI, TCS Batch, legacy Agency website (www.pay.gov/agency) and eBilling Online (www.pay.gov/ebillingonline). The public website (www.pay.gov), Hosted Collection Pages, and TCS Single will be fully operational during this deployment.

The following modifications are incorporated into this update:

- Adds a new report, ACH Effective Date, providing agencies the ability to search for past and future ACH Debit and Prenote transactions.
- Transaction Search response time improvements.
- Transaction Search, View Details will display the username for transactions created using TCS services.
- Transaction Search has been updated to ensure the status of ACH transactions are identical between the results list and view details.
- Financial Summary Search Query enhanced to provide a view details feature for Plastic Card transactions.
- All reports will more prominently indicate a data request is actively processing and disables the Export to PDF or CSV features until complete.

Please contact Customer Support at (800) 624-1373 option 2 or pay.gov.clev@clev.frb.org with any questions or concerns.
