

**From:** [Pay Gov](#)  
**To:** [REDACTED]  
**Subject:** [External] Discontinued Support of iFrames – effective 12/01/2016  
**Date:** Wednesday, November 09, 2016 4:42:18 PM

---

Fiscal Service has previously directed all programs to discontinue using cross-frame communication(iFrames) due to known security vulnerabilities within this technology. A web server configuration modification has been deployed into the Pay.gov agency testing environment to permanently block the use of iFrames by Pay.gov customer agencies. An identical software configuration modification will be deployed into the Pay.gov Production environment to render iFrames inoperable effective December 1, 2016. We urge you to heed this notice and take all actions necessary to discontinue using iFrames within any agency applications by this hard cutoff.

Please contact Pay.gov Customer Support, 1.800.624.1373, Option 2 or [pay.gov.clev@cleve.frb.org](mailto:pay.gov.clev@cleve.frb.org) should you have questions regarding this action.
