<b>Technical Support Units</b> <sup>2</sup>					
AEDT 2c Technical Support	\$150.00				
Apply to Site License Number: _____ (Leave blank if you do not have a site license number)				<b>TOTAL = US\$</b>	

<sup>1</sup> An AEDT 2c site license includes a single seat license, which allows installation of the full AEDT application on one computer within a single Office. An Office is defined as a single organizational unit or entity, having a unique function, comprising one or more contiguous rooms in a single location. Installation on additional computers within the Office, portable computers while on official travel or home computers for use on behalf of the Office, would require the purchase of additional Seat Licenses at the price of \$170 per Seat. For example: If your Office has 5 computers planned to run the full AEDT installation (3 workstations in the office, 1 laptop for official travel, and 1 home computer) you would purchase an AEDT site license at the price of \$1,200 and then purchase 4 additional Seat Licenses at \$170 each. If you have any questions about purchasing AEDT, please contact us at [aedt-support@dot.gov](mailto:aedt-support@dot.gov).

<sup>2</sup> AEDT 2c licenses do not include technical support. Support hours will need to be purchased in advance in order to receive support. Once technical support hours are purchased and the order is processed, support can be obtained from the [Submit Feedback](#) page or by emailing [aedt-support@dot.gov](mailto:aedt-support@dot.gov). A minimum purchase of two support hours is required. Processing time for technical support orders is typically 1-2 business days.

**US Federal Government Agencies:** US Federal Government agencies receive AEDT 2c at no cost. A written request must be submitted to AEDT Technical Support at [aedt-support@dot.gov](mailto:aedt-support@dot.gov) in the form of a scanned copy of the request on agency letterhead. Please include the applicant's name, company name, address, telephone number, and number of site licenses requested.
